

GREEN
STALKER

The first enemies in the game are robots. They might have the intelligence capacity of 80KB and don't take much damage, but they will come in numbers. Great numbers! And they can speed...

HIT POINTS: 5

SPECIALS:

Come in great numbers, can speed when they detect humans

RED
STALKER

The second kind of robots. Shoot them once and it will only temporarily disable them. Shoot them twice and they will be destroyed. Another way to quickly kill these minions is to give them a frost shock from your Icicle Gun.

HIT POINTS: 2 x 5

SPECIALS:

Come in great numbers, can speed when they detect humans

FATSO
WITH
CHAINSAW

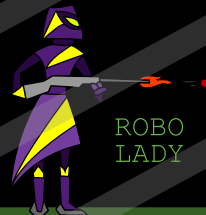

Now there's a real killing machine. A fatso with a chainsaw! This guy takes a lot of damage and it will try to ram its rusty chainsaw at you whenever it can. It will even turn around, if you try to attack it from behind. Avoid its chainsaw, or you will be ripped to pieces in no time.

HIT POINTS: 64

SPECIALS:

Attacks with a chainsaw, turns around if you attack from behind

ROBO
LADY

This is the robotic version of GunGirl. She has a trusty rifle installed arm, but she is a real camper. She doesn't move, but her aim is very accurate. Get rid of her from far distances to evade her bullets.

HIT POINTS: 32

SPECIALS:

Has sniper rifle, camper

SHOOTER

This guy is armed and dangerous. Whenever you get in its range, it will aim and shoot at you with its shotgun. Try to eliminate it before it shoots you down.

HIT POINTS: 8

SPECIALS:

Shoots with a shotgun

EYEBLOB
DREAD

This repulsive nightmare has returned from the first GunGirl game. It is invisible until you come within its reach. After that, it will hunt you relentlessly until it can grab you in its spinnerbladed mouth. Watch out! When you destroy it, it will shoot out its eyeball after you.

HIT POINTS: 20

SPECIALS:

Invisible until in reach, follows you, shoots eyeball after termination

SKELETON

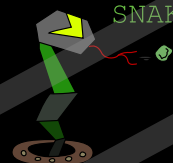

Another fiendish monster is the Skeleton. It will stalk you after you have set foot in its realm. The Skeleton creaks its rusty joints and hurls its rusted parts after you. Stay away when you destroy it, because it will explode in a large radius, flooding the air with sharp & rusty shrapnel.

HIT POINTS: 8

SPECIALS:

Throws rusted parts, explodes in a lot of sharp & rusty shrapnel when it gets destroyed

MR.
SNAKE

A spiked monstrosity that emerges from the ground or water. It spits green balls of acid in various directions towards you. Avoid the attacks and keep shooting at it, because it will take quite a beating before it explodes into bits.

HIT POINTS: 40

SPECIALS:

Rises from the ground, spits acid towards the player

BUTCHER

The biggest and baddest of the regular robots. This fat guy comes out of dumps and is installed with a giant cleaver. When you come close, it will smite you with the cleaver. And when you run away, it will throw the cleaver at you. This tough one isn't easy to bring down - be cautious.

HIT POINTS: 128

SPECIALS:

Throws cleaver, turns around when attacked from behind, slashes with giant cleaver.
